PRODUCTION NOTES

The fruit for this delicious wine was grown in an orchard near Watsonville, CA – a cool region with seasonal morning fog during the summer, ideal for the production of quality berries. The varieties of raspberry grown in this area have a very firm texture and an intense flavor. Well drained, sandy loam soils along the Pajaro River and Corralitos Creek yield berries with naturally high acids and adequate sugar levels. The cool microclimate near Watsonville enables growers to use minimal amounts of water during the growing season to ensure the delicate character of this fine berry is not lost.
